GEMEINSAM BLEIBT GEMEINSAM

2023 collective bargaining round at DB AG

Now it's over to you. We're putting it to the vote!

You decide: There is a recommendation from the arbitrators as to how we can bring the 2023 collective bargaining round to a conclusion. The Federal Executive Board of the EVG rail union has discussed this and suggests that we accept the recommendation, as it would allow us to implement many of our demands.

But in the end, it's your decision. That's why we have the strike ballot.

→ If you vote yes, then the arbitration decision will be accepted and we will have a collective bargaining agreement.

→ If you vote no, we will go on strike indefinitely.

How does it work exactly? You will soon receive a letter from the EVG. Please read it carefully. It will explain exactly how you can participate in the vote, which will take place online.

If you want to find out exactly what the possible conclusion means for you, you can read about it on our homepage.
